Descriptions of Organizations and Constituencies

Office of Communication, Inc. of the United Church of Christ

The United Church of Christ is a not-for-profit religious organization, formed in 1957. It has approximately 1.4 million members who make up over 6,000 congregations in the United States and Puerto Rico. The Office of Communication, Inc. of the United Church of Christ is responsible for developing the Church's policy towards mass media. UCC has actively defended the public's rights in the communications filed for over 30 years. UCC has also participated in numerous FCC and judicial proceedings representing the rights of the viewing and listening public.

National Organization for Women

The National Organization for Women is the largest feminist organization in the United States, with a membership of over 500,000 women and men in more than 550 chapters in all 50 states and the District of Columbia. Since its founding in 1966, NOW's goal has been "to take action" to bring about equality for all women. NOW continues to have a strong interest in the accountability of the broadcast industry.

Media Alliance

Media Alliance is a 22 year-old nonprofit training and resource center based in San Francisco, California, for media workers, community organizations, and political activists. The organization offers a wide variety of services and support to its 3,000 members and group affiliates, including a computer lab for freelance journalists. Media Alliance also publishes MediaFile, the San Francisco Bay Area's media review, and People Behind the News, a comprehensive guide to media outlets and journalists throughout the Bay Area.

"The Chosen Spot"

Welcome to Canandaigua, New York

Canandaigua, New York is a thriving community located about 30 miles southeast of Rochester. Located at the north end of the 16 mile-long Canandaigua Lake, in the scenic Finger Lakes region of upstate New York, Canandaigua has been the seat of county government and the business and commercial center of the area since its founding in 1789.

"What's Going On?"

Ask the Mayor and other Online Forums

There aren't many communities where you can speak with the Mayor online and have them talk back directly to you, but we're one of them, so if you have something on your mind here is your chance to share it.

Expanded Local Radio Ownership and Market Concentration Study

Local Radio Ownership and Market Concentration Study

Purpose:

The purpose of this study is to analyze the effect of changes in radio station ownership rules on ownership diversity by comparing radio station ownership in 1993 to ownership patterns in 2001. In addition, this study also analyzed whether reductions in independent ownership of radio stations in local markets has led to greater concentrations of market power during that time period.

Design and Methodology:

Using data from BIA Financial Network, this study incorporates a cross sampling of 31 of the 286 local radio markets listed in the 2001 BIA Radio Ownership Report* comparing changes in ownership and market share concentration from 1993 to 2001. Specifically, the BIA sources are based on data from "Summer, 1993" and "July, 2001."** The radio markets in this study were grouped by size as either large, mid-level or small as measured by their Metro Rank.** The eleven large markets used in the study followed with their Metro Rank in parentheses are: New York, NY (1), Los Angeles, CA (2), Chicago, IL (3), San Francisco, CA (4), Philadelphia, PA (5), Dallas-Fort Worth, TX (6), Detroit, MI (7), Boston, MA (8), Washington, DC (9), Atlanta, GA (11), and Charlotte, NC (37). The thirteen mid-level markets are: Las Vegas, NV (39), New Orleans, LA (42), Jacksonville, FL (52), Birmingham, AL (57), Tucson, AZ (62), Des Moines-Ames, IA (92), Spokane, WA (94), Youngstown, OH (104), Lexington-Fayette, KY (106), Tyler-Longview, TX (143), Portland, ME (164), South Bend-Elkhart, IN (166), and Lincoln, NE (174). Finally, the seven small markets are: Topeka, KS (185), Fargo-Valley City, ND (216), Wichita Falls, TX Lawton, OK (250), Billings, MT (255), Grand Junction-Montrose, CO (259), Rapid City, SD (268), and Cheyenne, WY-Scottsbluff, NE (282).

For purposes of the study, data for AM and FM stations in each market were combined, categorized by ownership and presented in table format. An additional table for each market is also presented which lists the top four owners in terms of their individual and collective market shares. Market share is defined by the Local Commercial Share.***

Notes:

The only modifications made to the data reflect the addition of Madison County, KY to the boundaries of the Lexington, KY market from 1993 to 2001. Madison County encompasses the cities of Richmond and Berea. Consequently, a FM and AM radio station was excluded from the analysis in both cities. The stations are: WCBR (1110 AM) and WLRO (101.5 FM) in Richmond and WKXO (1500 AM) and WLFX (106.7 FM) in Berea.

* Source: Investing in Radio 1994, BIA Publications, Inc. (1st Edition. 1994); Investing in Radio 2001, BIA Publications, Inc. (3rd Edition. 2001)

** Metro Rank denotes the ranking of market by size of population based on the U.S. census.

*** The Local Commercial Share is the average share for the prior 12-month period (beginning the previous Fall through the Summer ratings period) adjusted for lost listening to out-of-market and non-commercial stations.
